

Prosiect Maen Hir Community Newsletter

02 October to 15 November 2024

Lightsource bp invites you to take part in the public consultation on our proposals for Prosiect Maen Hir

Prosiect Maen Hir is a solar and energy storage project we're proposing in the northeast of the Isle of Anglesey.

Our proposed project has the potential to generate 360 megawatts (MW) of electricity through ground-mounted solar panels — enough clean energy to power around 140,000 homes and avoid more than 71,000 tonnes of CO₂ every year.

It would comprise the installation of solar photovoltaic (PV) panels and an on-site energy storage facility, plus infrastructure to connect the project to the national grid so that the electricity it generates can be made available to homes and businesses.

Incorporated within our proposals is a community solar project which would generate funds that could be used to support and deliver local projects and initiatives to benefit local communities closest to the development.

Subject to being consented, Prosiect Maen Hir would support the Anglesey Energy Island™ Programme, delivering affordable, clean electricity to help achieve Welsh Government Net Zero targets, while providing energy security of supply and value to us all.

Come along to an event

Join us at any of the in-person or online information events we're holding (detailed below) to find out more about our proposals, ask members of the project team questions and provide us with your thoughts.

Wednesday 09 October 2024
13.30-19.30

Llangefni Town Hall
Bulkeley Sq, Llangefni, LL77 7LR

Friday 11 October 2024
13.30-19.30

Talwrn Village Hall
Talwrn, LL77 7SU

Thursday 17 October 2024
13.30-19.30

Llanddeusant Village Hall
Llanddeusant, Holyhead, LL65 4AA

Friday 18 October 2024
13.30-19.30

Amlwch War Memorial Hall
Market St, Amlwch, LL68 9ET

Saturday 19 October 2024
10.00-14.00

David Hughes Village Hall
High St, Cemaes, LL67 OHL

Tuesday 22 October 2024
18.00-19.00

Online event - Welsh
Register to attend via our website

Saturday 26 October 2024
10.00-14.00

The Centre, Llannerchymedd Community School
Llannerchymedd, LL71 8DP

Monday 28 October 2024
13.30-19.30

Llanfechell School Community Centre
Mountain Road, Llanfechell, LL68 0SA

Tuesday 29 October 2024
13.30-19.30

Rhosybol School Community Centre
Rhosybol, Amlwch, LL68 9PP

Wednesday 30 October 2024
18.00-19.00

Online event - English
Register to attend via our website

Have your say

We'd really like to hear what you think about our proposals. Your feedback is important to us.

We'll consider all the comments we receive during this consultation, along with the findings from our ongoing assessments, to help finalise the application for development consent we submit to the Planning Inspectorate next year.

We'd particularly like to invite your views on:

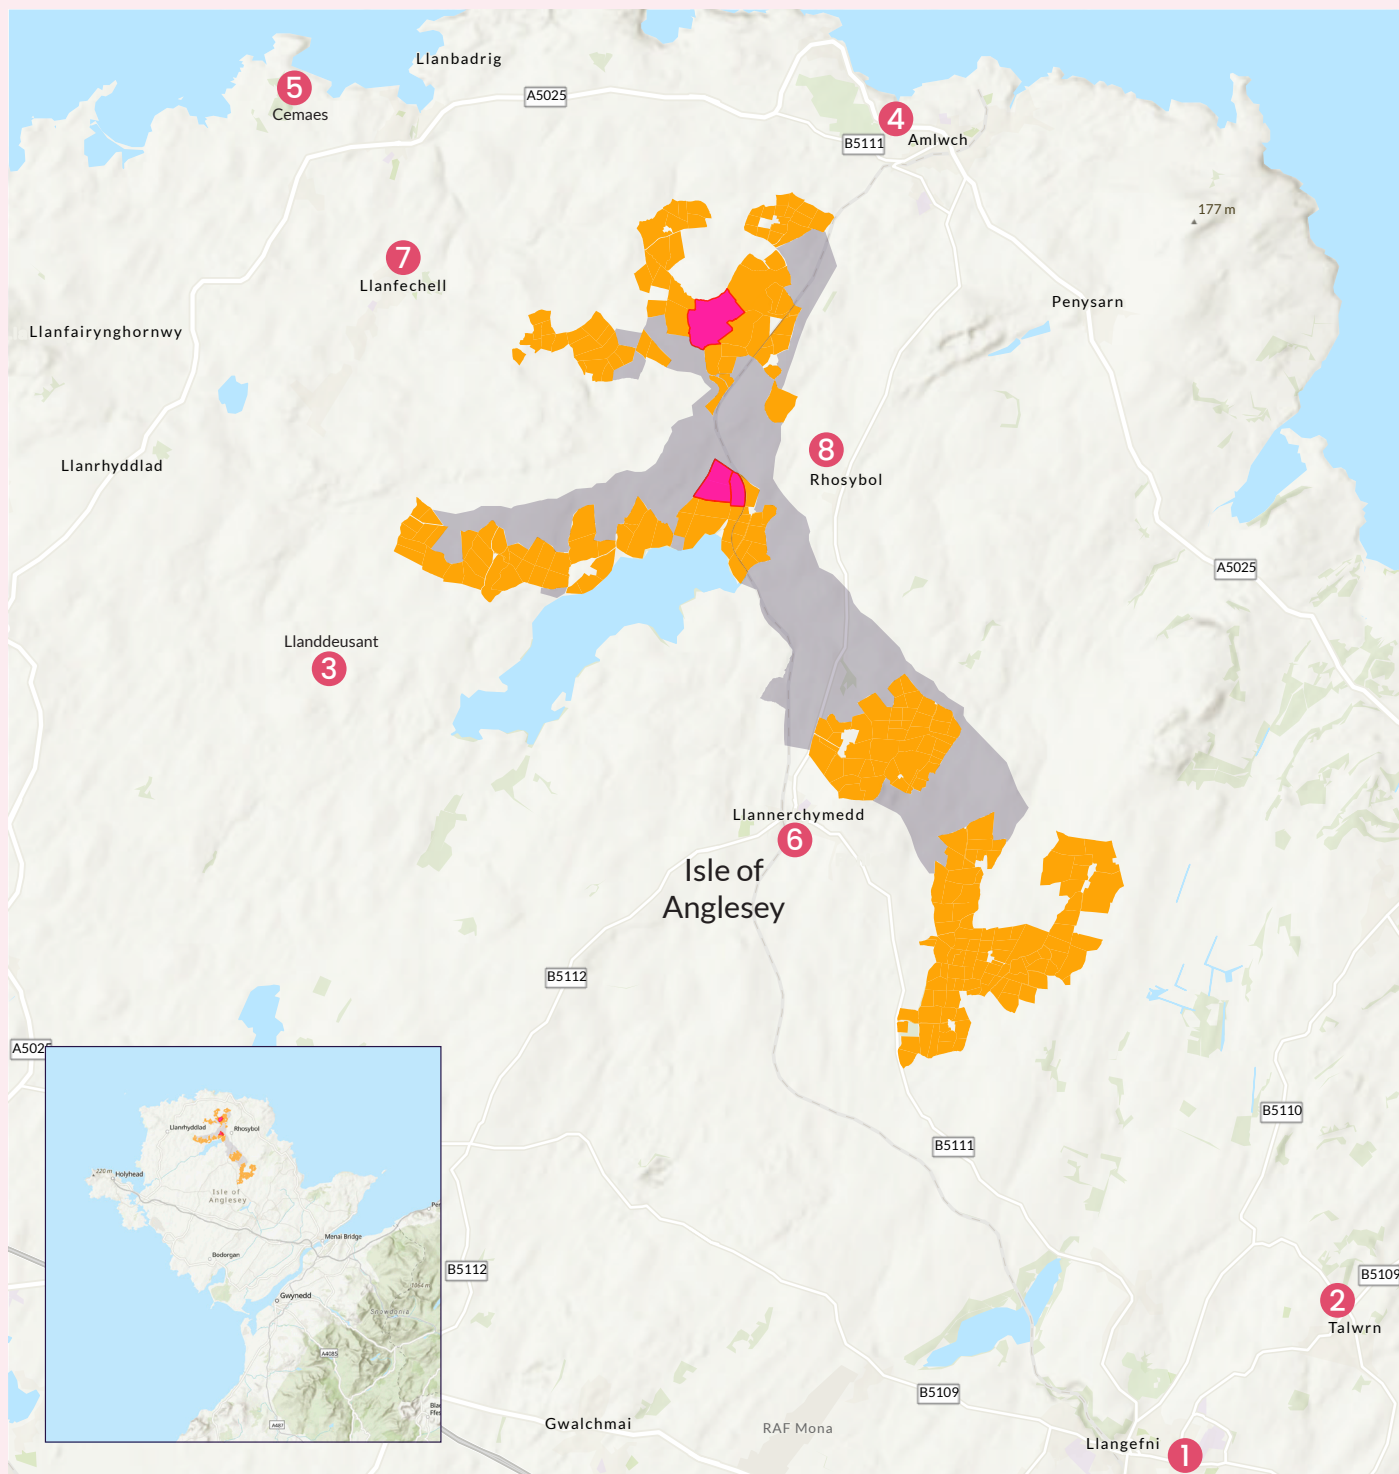

- The overall project
- Our updated illustrative masterplan setting out the proposed layout of the scheme
- The broad corridor in which an underground cable connecting the development to the grid could be routed
- Measures proposed to avoid or reduce impacts associated with the project
- Projects and initiatives the community solar farm could support
- Anything else you want to tell us about our proposal

You can submit your comments to this consultation as follows:

- **Online:** complete the online feedback form on our project web page
- **In writing:** fill in a printed copy of the feedback form and hand it in at an event or send it to us at FREEPOST MAEN HIR PROJECT

All feedback to the consultation must be received by Friday 15 November 2024.

Project location and site boundary

KEY

-  Solar PV and environmental mitigation/enhancement
-  Substation and Battery Energy Storage site options
-  Cable Route Corridor

In-person consultation event locations:

-  1 Llangefni Town Hall
-  2 Talwrn Village Hall
-  3 Llanddeusant Village Hall
-  4 Amlwch War Memorial Hall
-  5 David Hughes Village Hall
-  6 The Centre, Llanerchymedd Community School
-  7 Llanfechell School Community Centre
-  8 Rhosybol School Community Centre
